Proposal Submission 5-Day Rule Policy

- Proposals are due to BioMed Research Administration Office (BMRA) Five Business Days prior to sponsor due date
- Allows time for review, comments and routing in COEUS for department approvals
- During the first three days PI's may devote extra time to doing a final read-through and "polishing" of the technical section/science. A more comprehensive description of the 5/3 day rule can be found on the [Proposal Submission Policy & Guidelines](#) webpage.
- You can request a proposal deadline exception once a year. Approval is needed from Edward Hawrot, Associate Dean of Biology
